A KIDSWEAR SPECIALIST

At Danish KABOOKI, we have more than 30 years of experience in designing durable children's wear under license from the LEGO Group. Furthermore, we are the only company holding a LEGO® license to create functional outerwear.

Our LEGO children's clothes are everyday clothes for active children who love playing inside and outside – regardless of the weather. We focus on a fun design, high quality, functionality, and plenty of freedom to move. Through play and creativity, children develop and learn, and that is really all we want for them.

Manufactured by JBS Textile Group under license from the LEGO Group.
